

LEVER HANDLE

MOULDED MATERIAL	PA66-GF (glass fiber)
FAMILY OF MATERIALS	PA 6 ; PA11 ; PA 12 ; PA 46 ; PA 66 ; PA 69 ; PA 610 ; PA 612 ; PA 6-3-T ; PA 6 I ; PA 6 T ; PA-PDA (Polyamides) also with reinforced and filled additives, impact modified and self-extinguishing.
POLYMER'S FEATURES	<p>High mechanical strength, stiffness, hardness and toughness</p> <p>Good fatigue resistance</p> <p>Good sliding properties</p> <p>Excellent wear resistance</p> <p>Good electrical isolating properties</p> <p>Good processing in the machine tools</p>
APPLICATION FIELDS	<p>Almost any.</p> <p>In this case requires the lever stiffness and good chemical resistance, good surface finish, must be flexible enough to allow the assembly of other components in different polymers by means of joints to pressure, and compatibility with the medical.</p>
SPECIAL NOTES
